

# KEPOS 2018

*Kepos* is the truly expression of our Mediterranean identity.

*Kepos* ("garden" in Greek) comes from the oldest vineyards of these three grape varieties: Alicante Nero, Carignano & Mourvedre. They grow separately but they find each other again straight after harvest, at fermentation.

Co-fermentation brings out the unique character of the grapes resulting in this delicate, fragrant wine with its truly distinctive *Maremma* character.
