Analysis

Alcohol: 12,2% vol.
Total Acidity: 5 g/L
PH: 3,55
Residual Sugar: 0.4 g/L

Vinificação

Made using the ancestral method. Grapes are pressed right after arriving at the winery. Fermentation starts naturally and the wine is bottled before fermentation is finished, allowing bubbles to form in bottle — no tricks, no shortcuts. Light disgorgement, just enough to keep it clean while staying true to its raw character.

Notas de Prova

Medium-bodied Pet-Nat with a bold, energetic bubble. Aromas of honey, ripe peach and floral notes. Fresh acidity keeps everything sharp and drinkable. Lively, expressive and seriously fun.

Logistics

Bottle: 750ml
Case: 12 x 750ml
Weight bottle: 1,3kg | Case : 15,6 kg
